## SERVICE AND REGULATORY ANNOUNCEMENTS

### BUREAU OF ANIMAL INDUSTRY

SEPTEMBER, 1931

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each, or 25 cents a year. A supply will be sent to each official in charge of a station or branch of the bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

## NOTICES REGARDING MEAT INSPECTION

## ANIMAL CASINGS FROM THE STATE OF THE ALOUITES

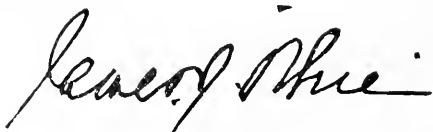

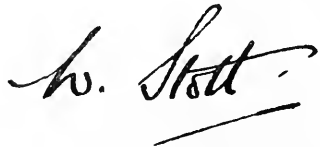

The permission granted in Service and Regulatory Announcements of January, 1928, for the importation through foreign certification of animal casings from the State of the Alouites, is hereby revoked.

## EXPORT CERTIFICATES FOR LARD DESTINED TO HAITI

The bureau is in receipt of official advice that the Haitian Government now requires lard exported to the Republic of Haiti to be accompanied with a certificate showing that the animals from which the lard was derived received competent ante-mortem and post-mortem examination, and the certificate to be visaed by by a Haitian consul in the United States. Accordingly, regular export certificates shall be issued in the future for lard destined to that country.

## FOREIGN MEAT-INSPECTION OFFICIALS

Name and specimen signatures of foreign officials who have been authorized by their national governments to sign and issue foreign meat-inspection certificates for meat and meat food products exported to the United States.

SEPTEMBER, 1931**

*Docket No. 351.*—In re Flickinger & Smith, market agency and dealers, Lancaster, Pa. On June 30, 1931, the Acting Secretary of Agriculture issued an inquiry alleging that respondents were insolvent in that they were unable to pay their debts as they became due in the usual course of business. On or about July 8, 1931, respondents acknowledged receipt of the inquiry and admitted the truth of the matters and things therein alleged and waived a hearing thereon. On September 15, 1931, the Acting Secretary of Agriculture issued an order suspending respondents from registration as a market agency and dealers for six months with leave, however, during said period to apply for revocation of this suspension upon satisfactory proof that the respondents are then solvent.

*Docket No. 357.*—In re W. O. Jennings, market agency, Union Stock Yards, Chicago, Ill. On August 15, 1931, the Acting Secretary of Agriculture issued an inquiry, alleging that respondent had violated the act in that he had used a certain unfair, unjustly discriminatory, and deceptive practice and device in connection with the handling of livestock in commerce. On August 31, 1931, respondent acknowledged service of the inquiry, admitted the truth of the matters and things therein alleged, and waived a hearing thereon. On September 19, 1931, the Acting Secretary of Agriculture suspended respondent from registration as a market agency for a period of six months and ordered him to cease and desist from using the unfair and deceptive practice and device of rendering false and fictitious account sales or otherwise violating the act in the conduct of his business as a market agency.

*Docket No. 358.*—In re James C. Cleveland, dealer, Cynthiana, Ky. On August 15, 1931, the Acting Secretary of Agriculture issued an inquiry alleging violation of the act in that respondent had failed to execute and maintain a reasonable bond to suitable trustees to secure the performance of his obligations incurred as a dealer. Evidence now in possession of the department indicates that the respondent had not operated at any of the stockyards named in the inquiry since he registered as a dealer under the packers and stockyards act and, therefore, has not violated the act by not giving bond. Accordingly, on September 15, 1931, the case was dismissed.

*Docket No. 359.*—In re Charles Hollar, dealer, Cynthiana, Ky. On August 15, 1931, the Acting Secretary of Agriculture issued an inquiry alleging that respondent had violated the act in that he had failed to execute and maintain a reasonable bond to suitable trustees to secure the performance of his obligations incurred as a dealer. On September 15, 1931, respondent acknowledged receipt of the inquiry, admitted the truth of the matters and things therein alleged, and waived a hearing thereon. On September 30, 1931, the Acting Secretary of Agriculture ordered the respondent to cease and desist from doing business as a dealer without executing and maintaining a reasonable bond to secure the performance of his obligations incurred as such dealer, and suspended him from registration as a dealer for six months, with leave during said period to apply for revocation of this suspension upon a showing satisfactory to the Secretary of Agriculture that he has filed a reasonable bond to suitable trustees.

**Stockyard Posted**

On September 9, 1931, the Maysville Stock Yards, at Maysville, Ky., was posted as coming within the jurisdiction of the packers and stockyards act.

**RESULTS OF PROSECUTIONS FOR VIOLATIONS OF LAWS**

Penalties and fines have been imposed in prosecutions for violations of regulatory laws, as reported to the bureau, as follows:

**Twenty-eight Hour Law**

Pennsylvania Railroad Co., \$100 penalty.

Wabash Railway Co., \$100 penalty.

### CALENDARS FOR 1932

Officers in charge and individuals reporting direct to Washington will please indicate in their stores requisitions for December 1 orders for the wall calendars that they will require for the year 1932. One wall calendar should be sufficient for each room occupied as office or laboratory, and orders should be for the minimum number.

The bureau has discontinued the purchase of desk-calendar pads and stands for field stations. However, stations now equipped with such stands may procure pads for the same for 1932 by ordering on their stores requisitions for December 1 the number required, indicating the make of the stand for which intended—that is, whether Gem, Handy, Daily, etc. These calendars and pads may not be forwarded with the other supplies ordered on such requisitions, but an effort will be made to get them to the stations before the first of the new year.

In this connection attention is called to the notice headed "Advertising matter not allowed in Government offices," in Service and Regulatory Announcements for November, 1915, page 127.

### PAYMENT OF CLAIMS UNDER DIFFERENT CONDITIONS OF PURCHASE

Attention is invited to the following quotation from a letter from the General Accounting Office dated September 5, 1931:

Payment of more than one invoice on one voucher, if under different conditions of purchase as to method of advertising, etc., or under more than one contract, is not in accordance with the provisions of paragraph 4, General Regulations, No. 51 (5 Comp. Gen. 1059) and should be discontinued.

Each voucher should cover items purchased under a single contract or a single method of purchase only, and contractors should be instructed to render invoices accordingly.

As an illustration of the meaning of the above quotation, it may be stated that claim for the purchase of supplies under a contract should not be submitted on the same voucher as a claim for purchases in the open market, even though the purchases were made from the same dealer. Or claim for the storage of an automobile under an agreement should not appear on the same voucher as a claim for repairs or supplies for the auto.

Failure to observe these instructions will necessitate returning vouchers.

### DR. JOHN S. BUCKLEY DIES SUDDENLY

Dr. John S. Buckley, chief of the Pathological Division, Bureau of Animal Industry, died September 20, 1931, at his home in College Park, Md. Doctor Buckley was nationally known for research work on animal diseases and as an administrator of the important scientific division of which he was chief.

Born at Mount Washington, Md., in 1871, he was educated in the public schools and at the Maryland Agricultural College, after which he attended the American Veterinary College of New York, from which he graduated in 1896 with the degree of D. V. S. After practicing veterinary medicine for two years he entered the service of the bureau as assistant inspector of the meat-inspection service at Kansas City. In 1900 he was assigned to the laboratory of the Pathological Division at Washington, D. C., where he rose to the position of

chief of the division in 1919. Under his direction the division, which consists of 28 highly trained technical workers, has made important contributions to knowledge of animal diseases and methods of control.

Doctor Buckley was the author of numerous publications of the United States Department of Agriculture and a contributor to scientific journals. His death, resulting from heart trouble, angina pectoris, followed an acute illness of only a few days.
